2001 HUMMER® PARTS CATALOG

Section 1 GENERAL INFORMATION

This catalog contains an illustrated list of service or replacement parts for the AM General Commercial Hummer. The Commercial Hummer is equipped with a 6.5L turbocharged diesel engine and is offered in five body styles:

HMC4,	Model 83 — Four-door, four passenger hardtop truck
HMCS,	Model 84 — Four-door, four passenger station wagon
HMCO,	Model 90 — Hard-door, four passenger, open top truck
XLC2,	Model 89 — Two-door, two passenger, enlarged cab truck
HMSB	Model 91 — Four-door, four passenger slant-back truck

This catalog is divided into 13 major sections in the sequence shown on the title page. Major sections are divided into smaller groups of parts, each with its own illustration. Immediately preceding this introduction is a complete listing of all illustrations in this catalog. The first page of each section also contains a listing of illustrations for that section.

Illustrated items are numerically keyed on the illustrations and described in the text on the following page. Figure numbers are located at the top of the description column.

Indented items in the parts listings indicate availability as a part of the preceding assembly. Indented parts with assigned part numbers can also be ordered separately.

Alphabetical and Numerical indexes are located at the end of the catalog (Section 14).

PARTS SERVICED BY AM GENERAL

AM General will service virtually all of the service or replacement parts for this vehicle except those which are more economical and/or more practical to procure locally. Items not covered may be standard hardware, fuses, lamp bulbs, sealants, lubricants, adhesives, and standard sizes and types of tubing, hoses, and electrical connectors and fittings. Items which are listed in this catalog, but are not serviced, are indicated by the legend "N/S" in the part number column.

AM General Accessories HummerH1Parts.com 1-800-HUMMER-9

ESSENTIAL TOOLS

All essential tools are covered in the companion service manual. Tools listed with a Kent-Moore part number can be obtained directly from Kent-Moore by calling 1-800-345-2233 or writing to:

Kent-Moore
28635 Mound Rd.
Warren, Michigan 48092

HOW TO LOCATE PARTS

When function, use, or location is known: Refer to the Table of Contents.

When part number is known: Refer to the Numerical Index.

When nomenclature is known: Refer to the Alphabetical Index.

HOW TO ORDER SERVICE PARTS

Order parts through the Dealer Communication System (DCS). Include the part number and quantity of each part. When entering the part number, be aware that the computer matrix allows for a 2 digit prefix, an 8 digit body and a 4 digit suffix. It is important that you allow for missing digits when entering a part number (e.g. to enter part number G 12345678 you must enter a space before entering the G or the system will misread the part number).

If you encounter difficulty in ordering through the DCS, you may phone the CDCS Help Line at Strategic Business Systems at 201-327-8532 .

HUMMER® is a registered trademark of the AM General Corporation.

DAMAGED SHIPMENTS, SHORTAGES OR ERRORS

All shipments are properly packed and are in good order when delivered to the transportation company. Responsibility ends with such delivery. When a damaged shipment is received, a claim should be filed immediately against the carrier making delivery.

All claims for shortages or errors in packing must be made to the same address from which the parts were ordered. Claims must be made within ten (10) days after receiving shipment. All claims must be accompanied by the original packing slip, with proper notation of shortage or error, and signed by the responsible person in receiving department.

ABBREVIATIONS

ABS	Antilock Brake System
AUX	Auxiliary
A/C	Air Conditioning
A/R	As Required
baro.	Barometric
